WOMEN'S EDITION

SOVEREIGN

40-Day Energy Tracker

Desire is not the enemy. Unconscious spending is.

PUPIL CLUB · SOVEREIGN SERIES

BEGIN HERE

How to use this tracker

Forty days, two on each page. Tick what you practised, rate your energy, and write where you directed it. A review closes each week.

Each day has a cycle check-in: note the phase you are in, or Unsure if you aren't cycling, and patterns appear within two or three cycles.

Before you begin. This is an educational and reflective practice, not medical, psychological or sexual-health advice. Many of its claims are traditional teachings rather than established science. Consult a qualified health professional before breathwork if you are pregnant or have a heart, blood-pressure, seizure or psychiatric condition, and stop any practice if you feel dizzy, faint or distressed.

Cycle awareness is a personal choice, not a requirement for health or worth. If you are struggling with pain, changes in your cycle or your mental health, please speak to a professional.

USE IT YOUR WAY

On a tablet

Open in GoodNotes, Notability, Xodo or Adobe. Tap any line and write with your pencil or type.

On a phone or desktop

Every line, box and dot is fillable. Tap to type; tap a dot to rate. Save the file to keep your entries.

On paper

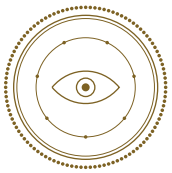

Print at 100% on US Letter. The same lines and boxes print cleanly.

Getting around

Tap any title in Contents to jump there, and ← Contents at the foot of each page to come back.

WHERE I DIRECTED THE ENERGY

Looking back on this month, what has shifted in how you hold your energy?

FORTY DAYS

Day 40 Review

OVERALL ○ 1 ○ 2 ○ 3 ○ 4 ○ 5

Looking back on these forty days, what has shifted in how I hold my energy?

Which practices proved true for me?

What did I build with the energy I kept?

What will I carry into the next forty days?

WELCOME TO THE CLUB

You have finished forty days of returning to yourself. Keep the practices that proved true, and begin again whenever you need to.

Want to go deeper? The Sovereign 40-Day Workbook, Women's Edition, gathers every lesson, practice and tracker in one place.

Fall seven times, rise eight. The rising is the practice.
